

2020 Virtual PACSA

Meeting Programme

As on 4 November 2020

Friday 13 November		Saturday 14 November			Sunday 15 November			
17:00 - 20:00	Workshop & practical demonstrations Chair: Carien Strydom	7:55	Welcome Nelia Wessels		7:55	Announcements		
Videos's of simulations or procedures will be shown. Live questions & discussion from all congress participants will will be allowed.		Session 1	Cells, oxygen & oxygen delivery	Chair: Johan Diedericks	Session 5	Procedures in children	Chair: Nelia Wessels	
		08:00 - 08:30	Anaemia in the paediatric surgical population	Heidi Meyer	08:00 - 08:30	Difficult vascular access in children	Ehrenfried Schindler	
The demonstrations will be interrupted for 30 minutes by the Key note lecture		08:30 - 09:00	Gene & Cell Therapy in children	Larissa Cornjé	08:30 - 09:00	Children in threatre during the Covid era	Gugu Mhlanga	
18:00 - 18:30	Key note address	09:00- 09:30	22q Deletion syndrome	Karmen Kemp	09:00 - 09:30	Adverse events in paediatric anaesthesia	Jayde Wyngaard	
18:00 - 18:30	Diversity in PACSA : Anisa Bhattay	09:30 - 10:00	Up-date on Capnodynamics for monitoring of haemodynamics	Per-Arne Lönnqvist	09:30 - 09:45	LEG STRETCH		
Demonstration topics include:		10:00 - 10:15	TEA		Session 6	NICU		
Emergencies; Regional Anaesthesia demonstrations; POCUS; Difficult airway demonstrations		10:15 - 11:15	PACSA AGM		Chair: Larissa Cronjé	09:45 - 10:15	PARDS: what every peadiatric anaesthetist should know	Wangui Manguvu
		11:15 - 11:30	TEA/LEG STRETCH			10:15 - 10:45	Ventilation:ARDS vs COVID19	Kuban Naidoo
Contributers include: Vrushali Ponde, Ehrenfried Schindler, PA Lönnqvist, Edwin Turton, Carien Strydom and others		Session 2	Free papers / Posters		10:45 - 11:15	Preoperative fasting rules. Still a controversy	Ehrenfried Schindler	
		11:30 - 11:35	Post Operative Delirium in Paediatric Anaesthesia. Development of a protocol for	Sian Hughes	11:15 - 11:30	TEA		
		11:36 - 11:41	Anaesthetic management of foreign bodies in paediatric patients presenting at a regional hospital	S Kim	Session 7	Improving outcomes		
		11:42 - 11:47	Electrolyte swings in a patient with delayed presentation of hypertrophic pyloric stenosis	Tessa Biesman-Simons	11:30 - 12:00	ERAS in children	Nezisa Nongqo	
		11:48 - 11:53	Transient postoperative visual loss in an adolescent patient after laryngeal surgery	Bojan Korda	12:00 - 12:30	Surgical & Anaesthesia outcome Africa	Paul Firth	
		11:54 - 11:59	Intubating conditions following four different doses of propofol in children.	Tinus Dippenaar	12:30 - 13:00	SAPSOS 2	Alex Torborg	

		12:00 - 12:05	An accidental overdose of IV Paracetamol in a premature neonate	Guido Ferreira	13:00 - 13:45	LUNCH	
		12:06 - 12:11	NPO - Because I Said So	Ndumiso Kheswa	Session 8	Breathing	
		12:12 - 12:17	Determining the minimum dose of remifentanyl to obtain adequate intubating conditions in	Tinus Dippenaar	13:45 - 14:15	Electronic cigarettes and their implication for the paediatric anaesthetist	
		12:18 - 12:23	Airway management in an infant with a large occipital cystic swelling	Trishna Pradeep	14:15 - 14:45	Schakelton's doctors - Antarctica	
		12:24 - 12:29	General discussion		14:45 - 15:15	Obstructive Sleep Apnea and Polymorphisms: Implications for Anesthesia Care	
		12:30 - 13:15	LUNCH		15:15 - 15:20	LEG STRETCH	
		Session 3	Cardiac anaesthesia		Chair: Edwin Turton	Session 9	
		13:15 - 13:45	Anesthesia risks for non-cardiac procedures in cardiac patients	Annette Schure	15:20 - 15:50	The Good Samaritan	
		13:45 - 14:15	Trans thoracic echo for the non-cardiologist	Alicia Ferris	15:50 - 16:20	Burnout: is this talk on burnout causing us to burnout	
		14:15 - 14:45	Calculations, Scores and Formulas in Congenital Cardiacs	Stephanie Fischer	16:20	Greeting	
		14:45 - 14:50	5 minute LEG STRETCH				
		14:50 - 15:20	Left ventricular assist devices as a bridge to transplant in the paediatric population	Nathi Mdladla			
		15:20 - 15:50	Sedation and Anesthesia for Cardiac Catheterization	Annette Schure			
		Session 4	Regional anaesthesia				
		15:50 - 16:20	Two passions, 1 goal and a pandemic: the future of medical education in South Africa?	Celeste Quan			
		16:20 - 16:30	10 minute TEA				
		16:30 - 17:00	Neonatal regional anaesthesia	Vrushali Ponde			
		17:00 - 17:30	New insights in Caudal blockade	Per-Arne Lönnqvist			
		17:30 - 18:00	RA complications	Vrushali Ponde			
		18:00 - 18:30	New Regional Blocks: What is the hype?	Adrian Bösenberg
